# International PhD Program: Seminars in Biomedical Neurosciences

Università  
della  
Svizzera  
italiana

Faculty  
of  
Biomedical  
Sciences

Lectures  
organised  
by

Ente Ospedaliero Cantonale  
Neurocentro della Svizzera Italiana  
Istituto di Neuroscienze Cliniche della Svizzera Italiana

All seminars will be  
conducted Virtual on Zoom

Wednesday  
17h30 – 18h30

PD Dr. S. Galati  
[salvatore.galati@usi.ch](mailto:salvatore.galati@usi.ch)

25th January  
**Tommaso Schirinzi**  
University of Rome Tor Vergata, Italy  
“**Olfactory Neuron  
Prokineticin-2 as a Potential  
Target in Parkinson’s Disease**”  
[Link Zoom](#)

22nd February  
**Gemma Gorla and Antonella  
Potenza**  
Fondazione IRCCS Istituto  
Neurologico “C. Besta”, Italy  
“**Molecular fingerprints of  
Moyamoya angiopathy**”  
[Link Zoom](#)

22nd March  
**Visani Elisa**  
Fondazione IRCCS Istituto  
Neurologico “C. Besta”, Italy  
“**Clinical applications of  
magnetoencephalography**”  
[Link Zoom](#)

26th April  
**Diego Ghezzi**  
École Polytechnique Fédérale  
de Lausanne, Switzerland  
“**Translational neurotechnology:  
from the eye to the brain**”  
[Link Zoom](#)

24th May  
**Sebastiano Curreli**  
Istituto Italiano di Tecnologia, Italy  
“**Information encoding in brain  
circuits beyond neural cells**”  
[Link Zoom](#)

21st June  
**Simone Rossi**  
University of Siena, Italy  
“**Safety and recommendations  
for TMS use in healthy subjects  
and patient populations**”  
[Link Zoom](#)
